

Town of Jericho
Cemetery Commission
Jericho Town Hall, 67 Vermont Route 15
Tuesday 19 May 2015

Minutes

Members Present: Stuart Alexander, J. Brooks Buxton, Albert Lindholm

Members Absent: None

Guests: None

Public: None

This fourth meeting of the Jericho Cemetery Commission, warned for 10:00, began at 10:14 am.

Minutes of the previous meeting were approved after correction of a typographical error.

Attention turned to Castle Cemetery, and to access thereto, further compromised now (a steeper and perhaps unstable bank) by beginning landscaping for a Dollar General store on the parcel immediately to the west.

It was agreed that direct access to the present gate area perpendicular to VT Route 15 across the parcel owned by Good Shepherd Lutheran Church - as is evident on aerial photographs from the not - too - distant - past, would be preferable.

It was also agreed that an easement, were the Church amenable to granting one, should prove preferable to the current situation whereby they are obligated by deed to allow access, though at an unspecified location.

The Commission agreed that the Chairman should contact the Church and arrange for a meeting to discuss this issue.

Repair of as many of 10 monuments are still intended for this coming summer, provided that Bianchi Stone Crafters can negotiate the steeply-sloped access in current use with the necessary equipment.

Mr. Buxton noted that the fence separating Lowrey Cemetery from the Raceway evidences disrepair.

The Town portion of the Jericho Center Cemetery seemingly demanded no attention from the Commission.

Next meeting: Probably August.

Adjourned, 11:00 am.

Respectfully submitted,

Stuart A. Alexander
